### TO ESTABLISH LABORATORIES TO HONOR GENERAL GORGAS

(Continued From Page One.)

Training School for Negro boys:

M. B. Hart, Tarboro; W. N. Everett, Rockingham; L. R. Varner, Lumberton; Thad L. Tate, colored, Charlotte; and S. G. Atkins, colored, Winston-Salem.

Under an act of the 1921 Legislature the school for delinquent negro boys was created and the governor's trustees will select the location for the building, an appropriation for this purpose having already been made.

Commissioner of Labor and Printing M. L. Shipman is being urged by friends of his to make the race for the Democratic nomination for congress in the tenth district, it was learned here today.

Unless the commissioner has a change of heart however he will not get into the fight which seems to be on in earnest in the mountain section. Mr. Shipman would not make any statement regarding the urge that he is feeling but friends here declare that he will not offer for the nomination.

The tenth district is warming up to the fight in earnest, the capitol hears, and it is likely Congressman Weaver will have opposition other than from Candidate Styles, of Buncombe county.

Governor Morrison has called upon the State Board of Health to aid him in the campaign for better gardens, more cows and pigs for North Carolina, and the health authorities will lend a helping hand whenever necessary.

The governor has already obtained support of the Department of Agriculture and the campaign will be launched at an early date. The Board of Health is to point out the importance of a well balanced ration and pure milk in the life of the "better North Carolina."

The State Corporation Commission

is expected to have some statement today regarding the condition of the Central Bank and Trust Company, Raleigh banking institution, whose doors were closed several weeks ago by the State Banking Department. R. G. Allen, principal stockholder and former president of the bank, is considered by the depositors as the best bet for getting their money back, dollar for dollar. Mr. Allen has employed counsel to represent him and the depositors have done likewise unless the bank examiner's report shows up well.

### HERE AND THERE IN THE ATHLETIC WORLD.

Davidson College defeated Wofford in a slow and hard fought basketball game Wednesday night on the Davidson court by the score of 30 to 21. Captain Crawford and Mauze were the exceptional stars for the Presbyterians, while the whole Wofford quintet played good basketball.

In a fast and bitterly contested basketball game Wake Forest wins from Trinity by a score of 24 to 22. This victory avenging the recent defeat the Baptists suffered from Trinity losing by score of 31 to 10. Both teams displayed excellent team work, but George Heckman of Wake Forest was the out standing player on the court. Simpson and Crute were the stars of the Trinity Five.

Cary High Tossers defeated the Fayetteville high quint last night on the Benson court by the score of 39 to 12. Benson has lost only one game this season, and that to the strong Fremont Five on the Fremont court by the score of 33 to 13. This game was played last November, Ben-

son's first contest of the season.

The Wilmington High school basketball team which was defeated by the Golden Blue five of Wilson recently, lost to the Stamford high last Tuesday night at Stamford, Conn., by the score of 37 to 22. The Golden Blue trimmed the Wilmington basketball Babies 33 to 12.

The Maury high school team of Norfolk, Va., has been consistently winning their way up the State Inter-scholastic ladder, and our own Ed Bullock is the one big reason for this. Ed is working at Guard, playing well, and is considered by most of the Virginia writers the best high school athlete in the State of Virginia.

In this we speak with caution. The County School Basketball League will keep all the teams busy Friday afternoon. Lucama, Rock Ridge, Elm City, Stantonburg, Gardner's and Black Creek will all play, that is if the weather permits.

With four more games facing them before the beginning of the State Inter-Scholastic Basketball Title Series, The Golden Blue shooters are taking stiff work-outs every day at the Watson Warehouse court. Scrimmages being the main effort in the way of practice. The varsity team has been winning from the Vaughn Woodward, Carter, and Adams outfit by a large margin every day. The pass and team work that dazzled Wilmington is up to par. The four games left on the Golden Blue schedule are, Fremont here Friday night; At Fremont Wednesday February 8; Rocky Mount here Friday February 17; and at Rocky Mount February 24. At present Captain Davis is grooming his charges for the Fremont affair this Friday night. Davis feels that this will be the best battle of the season. And with Al Branch officiating we know it will be a fast contest.

The basketball fans of Norfolk are pleased with the prospects of the club for the coming season. Win Clark is their new manager, and hope for a winning team is running high in the hearts of the fans. But our own Tom Clark, and his bugs will be heard from, there is no doubt of that. Tom will be here with the first Robin looking over his ball tossers.

A movement is afoot to combat the temptation to college football players offered by the rapidly growing professional game, and it will be launched when the athletic directors of the Western Conference hold their meeting in Iowa City, Iowa next June. Coach A. A. Stagg the Athletic Director of University of Chicago is president of the Conference Association.

### SPECIAL SATURDAY DEMONSTRATION.

The National Biscuit Co.'s. cake man will be with us Saturday to let you try their new line of Metropolitan cakes. Call by and see for yourself. Free package. Barnes Graves Grocery Co. 2 1 3td

### COTTON OPINIONS

Hubbard Bros. and Co.: "On account of the past decline in the market, the technical position is short so a natural temporary rally is to be expected. We still believe that until the trade enters the market we cannot hope for any advance of consequence."

Hirsch Lillenthal and Co.: "Liverpool was a heavy seller against purchases in Liverpool but the tone of the market appeared better and we would not be surprised to see the market advance considerably further."

Moyses and Holmes: "We would for the present buy only on declines preferably July or October."

Thomson and McKinnon: "We can see nothing that would warrant anything more than temporary price changes."

Logan and Bryan: "We would not be surprised to see further improvement in raw cotton values."

J. S. Bache and Co.: "Still favor the long side on the dips."

### DEATH OF PROMINENT

EDUCATOR.

Greenville, Feb. 2.—(Special to The Times.)—Prof. C. W. Wilson, Secretary of the Eastern Carolina Training School and one of the State's most prominent educators died here last night at 11 o'clock. The deceased was about 60 years of age. He is survived by a wife.

For a number of years Prof. Wilson was superintendent of the graded schools in Scotland Neck.

### CROPS IN NORTH CAROLINA.

Raleigh, N. C., Feb. 3.—The severe 1921 drought in the central and upper Piedmont area of the state seriously damaged all crops. It has resulted in relatively high prices for most farm commodities in North Carolina. Cotton alone made a good yield in view of the growing conditions. The tobacco prices, averaging over 25 cents were better than expected last spring.

While corn is the state's universal crop, our rank is only 13th in value and 21 in production compared with the larger western states. The two states leading in both production and

value were Iowa, 444 million bushels at 133 million dollars, and Illinois 306 million bushels at 116 million dollars. On December 1st, 1921, corn was selling at an average of 42.3 cts. per bushel for the United States as compared with 78 cents in North Carolina. There were 24 states however, having a higher per acre value. The 2,552,000 acres of corn harvested for grain in the state produced 49,252,000 bushels valued at \$38,418,000.

North Carolina Produced one tenth of the cotton crop and holds 5th rank in both production and value of cotton, getting ahead of both Oklahoma and South Carolina. This was due primarily to the ravages of the boll weevil in those two states. Mississippi ranked seventh in 1920,

but she moved up to third place for last year. North Carolina stands first in the per acre value of cotton among the main cotton states.

SALVATION ARMY IN CHINA BUYING GIRLS TO SAVE THEM London, Jan. 31.—General Booth announced at a meeting in London today that the Salvation Army in China, by his instruction, had bought 100 girls from their parents at 30 shillings each in order to save them from a life of shame.

He said the local officers were desirous of buying more girls in the district where famine was raging, but the cost of maintaining them was too great. It was hoped the girls would be trained in Salvation Army work and become energetic workers among their own people.
